Colds, Coughs, Burns, Sprains and Rheuma-tism, for the cure of which I have successfully used it, induces me to cheerfully recommend its virtues to others. A few months ago I had recourse to it to destroy a felon; although I had never heard of its being used for that purpose, but having suffered intensely from a former one, and having no other remedy at hand, I applied the Pain Killer for about fifteen minutes at evening, and repeated the application very briefly next morning, which entirely destroyed the felon, and increased my confidence in

the utility of the remedy.
